RESOLUTION NO. 26-
(February 10, 2026)

By Mr. Smith, Chairman of the Public Works Committee:

**DRAINAGE STRUCTURE TRANSFER POLICY
FOR WYOMING COUNTY ADOPTED**

BE IT RESOLVED, That the Wyoming County Board of Supervisors hereby approves and adopts the following Drainage Structure Transfer Policy:

DRAINAGE STRUCTURE TRANSFER POLICY

Purpose

This policy establishes a clear process for the transfer of ownership and maintenance responsibility of drainage structures from Town to County. It covers both existing drainage structures measuring five feet (5') in diameter or greater and structures measuring smaller than five feet (5') that the Town wishes to upsize for various reasons.

Scope

This policy applies to:

1. **Existing 5' and greater drainage structures** within the Town's jurisdiction that are eligible for transfer
2. **Existing drainage structures smaller than 5'** where the Town elects to upsize the structure to 5' or greater

Policy

1. Existing 5' and Greater Structures

The Town may request transfer of ownership of existing drainage structures measuring 5' and greater.

Transfer requires written agreement between the Town Highway Superintendent and County Highway Superintendent to complete the transfer.

No hydraulic assessment is required unless requested by the County.

2. Upsizing of Smaller Structures

If the Town chooses to upsize an existing structure smaller than 5', the Town must obtain a hydraulic assessment from an engineering consultant. The County can provide a list of qualified consultants upon request. Town will be responsible for following their purchasing policy regarding hiring a professional service.

The assessment must confirm that the upsized structure meets hydraulic capacity requirements and applicable design standards.

The Town is responsible for the costs of the hydraulic assessment and all materials required to complete the upsizing including concrete, pipe, stone, etc.

3. County Review and Acceptance

Upon delivery of the hydraulic assessment, the Town and County shall coordinate a date to complete the upsizing.

4. Documentation of Transfer

A written agreement shall be executed, including:

- Location of the structure
- Hydraulic assessment
- Description of improvements and materials provided by the Town
- Effective date of transfer

If a Department Head wishes to create a new position in their budget for the following year, the Department Head will follow the same procedure for submitting the new position duties statement to the Human Resources Department as they would for a position that was created during the current year. Once the Human Resources Director has classified the position through the Civil Service Commission, the Department Head must then present the new position duties statement and a budget request position request/deletion, with justification of need, to the Budget Director and the County Administrator for consideration/approval.

****The County Administrator will provide notification of position creations approved through passage of the budget to the home committees.***
