Chairman Moran thanked the County Administrator, Clerk, Deputy Clerk and Staff in the Board of Supervisors office for their support and patience they had given him in the past two (2) years. "Let me begin by again thanking each of you for electing me as your Chairman for 1998. It is an honor and I will do my very best for you. I was quoted last year as saying this is a fun job even on the worst day. Well—I still feel that way. Looking back at 1997, I think we can all agree that it was a very good year! The Board reached consensus on the new courthouse, the state still feels that Wyoming County is on the cutting edge of various issues; including the Pre-school Program, Worker's Compensation and is even in the national spotlight by inviting a real expert to speak to the Board on governance and how we can be more effective by providing the guidance to see that our policies and issues are carried out. As we go into 1998 with three (3) new Supervisors and several new department heads, they all should

January 2, 1998

provide us with fresh new ideas. This Board has the great luxury of having to make a decision on whether to build the courthouse with cash or if it is actually more beneficial to bond the money . This Board will have to address the County Highway Project and how we can improve and rebuild our roads in an affordable manner . Sooner or later , we will have to wrestle with the renovation of this building, and first and foremost in our minds, is the property tax rate and stabilizing it as we have done in recent years. In conclusion, I again ask for your support and cooperation. Thank you again and I hope that you will join Cindy and myself at Smitty' s Amber Lantern to say "Hello." Mr. Herman, as senior member , you now have the responsibility to adjourn the meeting, Thanks and Happy New Year!!

Supervisor Herman moved the meeting be adjourned at 2:36 P .M.
Carried.

Resolution Supporting Council 82 In Its Opposition To The Privatization of NYS Correctional Facilities And Support of Mandatory Testing of Inmates Involved In An Altercation That May Have Exposed A Correctional Employee To Certain Diseases

WHEREAS, Council 82, the New York State Correction Officers Union, has requested support for its opposition of the privatization of New York State Correctional Facilities and also for support for its position that inmates involved in altercations involving correctional employees be tested for certain diseases, including HIV, Hepatitis and Tuberculosis,

BE IT RESOLVED, That the Wyoming County Board of Supervisors hereby supports Council 82 in its opposition to the privatization of New York State Correctional Facilities as the preservation and integrity of our penal system is too serious an undertaking to be contracted out to private firms that may not have the experience or staff to handle such an enormous responsibility and the safety of our citizens is government's responsibility and priority; in addition, private firms may fail, commercially, or become corrupt, thus exposing our citizens to escaped prisoners, increased financial burdens and uncertainties; and be it

RESOLUTION NO. 98-75

By Mr. Agan, Chairman of the Human Services Committee:

Employ The Older Worker Week Proclaimed

WHEREAS, Americans are living longer , healthier lives. As a Nation, we are witnessing a dramatic growth in the population of Americans aged 55 and older , a trend that will continue well into the next century . To maintain our dynamic economy and to fill the jobs of the 21st century , we must make the most of the creative potential and productive capacity of this growing segment of our society , and

WHEREAS, Unfortunately , many Americans aged 55 and older encounter serious difficulty finding employment when they lose their jobs or seek to change careers. Employers too often focus on the age of older workers instead of their qualifications and strong work ethic. By failing to recognize the wealth of skills and experience older workers can bring to their jobs, such employers deny them an equal opportunity to make their own valuable contributions to the American workplace, and

WHEREAS, To encounter these challenges, laws and government programs offer older workers the protections and services they need to ensure fair employment opportunities and practices. The Age Discrimination Act, the Older Americans Act, and the Age Discrimination in Employment Act, protect the basic rights of millions of older working Americans. The Department of Labor and the Department of Health and Human Services also assist older workers through such

March 10, 1998

efforts as the Senior Community Service Employment Program and the programs of the Administration on Older Americans actively contribute to our communities through their hard work, wisdom, and experience. They have rightly earned our admiration and respect; they have also earned a fair chance at a good job. As we observe National Older Workers Employment Week, all employers are urged, when they hire new workers, to consider carefully the skills and other qualifications of men and women aged 55 and older and to fully utilize this rich national resource, now therefore

BE IT RESOLVED, That the Wyoming County Board of Supervisors, hereby proclaims March 8 through March 14, 1998, as

NATIONAL OLDER WORKERS EMPLOYMENT WEEK

and be it

FURTHER RESOLVED, That this Board of Supervisors encourages all Wyoming County residents and employers to recognize the contributions that older workers make to the workplace and to our economy, and we urge them to intensify their efforts throughout the year to help older Americans to find suitable jobs and training.

WHEREAS, The dairy industry is the paramount agricultural activity of the northeast with dairy farms and associated suppliers, marketers, processors and retailers and integral component of the region's economy; and

The State of The CountyAddress

was presented by the Wyoming County Administrator , Kevin D. DeFebbo as follows:

Good Afternoon...

On behalf of Chairman, Tom Moran, and the Board of Supervisors, I would like to thank the Fair Board for giving us the opportunity today to share, with the people we serve, our progress and our problems of the last twelve months or so.

This has been a period marked by tragedy and personal loss. It was a time that tested the very metal of our great County . It would be hard for any of us to forget a year in which we had no less than four separate declared emergencies, causing more than 10 million dollars of property damage, and great pain and inconvenience for a number of people, and tragically the death of two people in Attica. Although difficult, these events seemed to galvanize us and bring out that special "Wyoming County Spirit." The Board of Supervisors would like to take the opportunity to thank all those who helped us overcome these problems during the past year . We would like to especially acknowledge the work of Jim Reger , the Red Cross, the Sheriff 's department and all the volunteer fire departments. These individuals are the real heroes.

Despite the challenges posed by these disasters, the last year or so has seen the Board of Supervisors make significant progress in a number of areas. After ten years of wrangling with the Office of Court Administration, the Board voted courageously to build a new \$5,000,000 courthouse. The new courthouse will be affordable, functional, and fulfill the historical mandate that we build a structure that will last. The project is currently 30% complete and approximately one month ahead of schedule. We hope to move in by March, or April of next year . If any of you would like to see it, please come to

August 21, 1998

Warsaw and a tour will be arranged.

The County has taken some bold steps to improve its economic position. In the past year , working closely with the Business Development Corporation to improve its performance capability , the Board created a \$500,000 fund to be used by new and existing businesses to create jobs and opportunities in W yoming County . These funds will be used to supplement IDA and other loan funds.

The Board is currently working with the T own of Gainesville to assist AMOCO in the construction of a new \$7,000,000 propane storage facility . This project will have us working with yet another Fortune 500 Company for the betterment of our County . Efforts like these have born much fruit for us. The Census Bureau announced this past year , that Wyoming County was number one in the State of New York in private sector job creations as jobs grew 30.7% from 1990 to 1997. This is great news; nonetheless, we have to temper this by the fact that there is still much to do. The Champion closing and the "for sale signs" on many of our small farms show how vulnerable our economy can be. This Board is ever committed to keeping agriculture strong by balancing our economy through private sector diversification.

The Board is also steadfastly committed to the mandate you have given us:

**TO PROVIDE THE BEST POSSIBLE SER VICE
AT THE LOWEST POSSIBLE COST**

At a time when private sector jobs have increased, public sector county employment has decreased. W e are at an all time modern low for county employment. County employment decreased 5.8% from 1996 to 1997. Our welfare rolls have been reduced 36% the past year . We successfully reduced and reorganized the W orker 's Compensation Fund enabling us to assume the responsibility of paying all worker 's compensation premiums for our fire departments.

Wyoming County has been a leader in trying to create efficient new approaches to public programs. W yoming County , through its own leadership, developed what is known as the TRANSITIONS Program. This collaboration involving four different departments in the County will allow us to efficiently deliver long-term care services.

Wyoming County was one of only a handful of counties state wide to receive what is known as the INTEGRA TED PLANNING GRANT . This initiative will allow us to achieve a greater level of efficiency in

August 21, 1998

our human service programs.

When it comes to County dollars or our interests, the County is not afraid to fight if it has to. Last year a group from this Board traveled to Albany to win a \$300,000 reimbursement from the State of New York for the Pre-School Handicapped Program. We were able to prove to the State that they owed us this money .

ALL THIS IS GOOD NEWS FOR COUNTY TAXPAYERS.

New York State statistics, verified by the M&T study , show that Wyoming County has the lowest county tax burden of all New York counties. Since 1994, the county tax levy has risen only 3/4 of 1%. At the same time, the average county tax rate has gone from \$8.89 per thousand to a low of \$6.24.

The Board, however , is committed to more than just saving money . We are here to serve and to meet the real needs of all residents. You should be very proud that we have a hospital that provides comprehensive health care at a time when most hospitals are dying or falling along the wayside. Our hospital is thriving and has taken no levy since the early 1990's. We have also started a new paramedic service to assist our current ambulance corp and firemen to get people the care they need within those critical minutes after an accident.

WE ALSO DID THE THINGS YOU COUNT ON US TO DO.

Last year we paved 28 miles of road and replaced 8 bridges at a cost of \$4,000,000.

Our Health Department provided over 8,000 nursing and occupational therapy visits for over 900 of our fellow residents, and spent 3,000 nursing hours training and educating people about their health. We even immunized 1,500 dogs and cats.

Our OF A department helped over 10,000 senior citizens and care givers.

Our Youth Bureau and Cooperative Extension Department, working together , provided excellent recreational programming to over 15,000 kids.

Our Probation department and our Sheriff 's department helped to keep us safe from many of the problems drifting our way from the urban areas. They handled their responsibilities with great skill and professionalism. These are just a few examples of the types of services our dedicated employees provided. Their goal, and the goal of all

August 21, 1998

that work for the County is:

TO EFFICIENTLY PROVIDE THE BEST POSSIBLE SERVICE
AT THE LOWEST POSSIBLE COST.

We also understand, however, that we have been sent to Warsaw to secure a better future through insightful planning today. This year we took steps to initiate Wyoming County's First Comprehensive Plan. We also took steps to rethink our approach to economic development and reorganized our economic development agency. We started a Health 2000 Committee to study the problems facing the hospital, and began a county-wide study to look at our communications system for our safety forces.

WHAT WILL '99 BRING?

In '99 we hope to finish the courthouse, and start an innovative program to fix the worst county roads. Next year we are going to kick off a \$10,000,000, ten-year BETTER ROADS PROGRAM to rehabilitate the roads in Wyoming County; roads that have needed to be fixed for sometime. We also plan to finish the AMOCO project, the comprehensive plan, and the communication study.

We are very proud of what we have done this year, and in years past and look forward to the challenges of '99. We have not forgotten, however, that our primary role is to serve and too represent your values. To that end, the Board has committed itself to honest, open government, and to respect the needs of all citizens. We have not forgotten that our job is to adjudicate scarcity, as there is never enough money to serve everyone. Our job is to separate the needs from the wants, and to satisfy the real needs of our people. The needs that only the County can provide.

We are also committed to the efficient delivery of public services, and keeping us the lowest taxed county in the State of New York.

Finally, we understand that we have to compete in a modern world and are committed to change; if it makes sense to us. All in all, I think the County is in excellent shape. We have a dedicated Board, skilled employees, a solid financial base, and a clear idea who we are, and where we are going as a community. We need your help, however, to make us better everyday.

Thank you very much. We look forward to sharing our progress next year.

RESOLUTION NO. 98-229

By Mr. Nugent, Acting Chairman of the Planning Committee:

Contract For Curbside CollectionAwarded

WHEREAS, The County is desirous of continuing to provide a curbside collection program for the collection of solid waste and recyclable materials; and

WHEREAS, On April 14, 1998, the W yoming County Board of Supervisors authorized the initiation of the Request for Proposal (RFP) process, in accordance with Section 120-w of the General Municipal Laws of the State of New York, to solicit proposals from companies that can provide such a collection service; and

WHEREAS, The Draft RFP was issued on April 24, 1998, the public hearing to solicit comments regarding the Draft RFP was held on Tuesday, June 16, and the Final RFP was issued on July 6, 1998; and

WHEREAS, The County received two proposals from companies that provide such collection services (BFI W aste Systems of North America, Inc. and Casella W aste Systems, Inc.) and the Planning Committee has determined that both these companies are responsible proposers; and

WHEREAS, The Planning Committee of the Board of Supervisors has reviewed these proposals for several program options and has evaluated these proposals as to net cost in accordance with require-

October 13, 1998

ments of Section 120-w and on the basis of the qualifications and experience, technical, management, environmental, financial, marketing and cost information provided in the respondent's proposals; and

WHEREAS, This Committee has recommended the selection of a Flat Rate Program and BFI Waste Systems of North America, Inc. as the contractor responsible for providing curbside collection service; and

WHEREAS, The Wyoming County Board of Supervisors has held a public hearing and makes the following findings relevant to factors evaluated pursuant to Section 120-w(3) indicating that the County's requirements are met by such award and that such action is in the public interest:

- The flat rate program will provide service to the vast majority of eligible parcels at less cost than the current bag rate program.

- The regular pick up of bulky items at no additional fee or tags will be convenient to the residents, will reduce the cost and/or need for municipal collection of bulky items, and will reduce potential dumping problems in these municipalities.

- In order to provide an equitable pricing structure, seasonal parcels should be billed at a reduced rate.

- Although Casella's proposal is more responsive with respect to the distribution of program information and the addition of municipalities to the program, these factors are outweighed by the potential disruptions of service that might occur with a new contractor and its drivers adjusting the routes.

- Weekly collection of recyclable materials is preferred to facilitate and/or maximize the recycling of source separated materials by program participants.

- The BFI proposal provides greater service at a lower cost for current participants in the program.

- BFI price proposal for supplemental municipalities is higher than for current participants; however, it offers a higher level of service than the proposal of Casella;

now therefore

BE IT RESOLVED, That this Board of Supervisors, on behalf of the County of Wyoming, does hereby determine that the proposal of BFI Waste Systems of North America, Inc. is most responsive to the County's request for proposals and does hereby approve contracting with BFI Waste Systems of North American, Inc., Kenmore, New York,

October 13, 1998

for the curbside collection of mixed municipal solid waste and recyclable materials, said contract specifically subject to final negotiations with BFI Waste Systems of North America, Inc. And upon final approval of the County Attorney; and be it
